

Clivet University

Specialized Trainings
for air Conditioning Applications

*Clivet University
Headquarters in Feltre*

TODAY KNOWLEDGE IS POWER

it opens up opportunities
for progress

(Peter Drucker)

Clivet operates in the field of sustainable air conditioning offering quality, comfort and energy saving. This is why it has always shared its know-how through specific training courses for installers, dealers, designers, architects, sales networks, servicing centres and maintenance engineers.

Visit www.clivet.com and go to the **Clivet University** section to see the complete training programme.

multiple levels
of expertise

THE TRAINING PROGRAMME

With its own University, Clivet wants to stand out among the manufacturers most involved in training.

Clivet provides a modular proposal capable of fulfilling training requirements in all distribution channels in Italy and abroad, managing an internal education programme and ensuring specialised training for operators in the service sector.

The team of lecturers provides a theoretical and practical training programme with multiple levels of expertise, dealing in detail with specific air conditioning aspects, from regulations to technologies to system solutions.

New Training Centre in Feltre

New Training Centre in Milan

Training Area in Turin

Training Area in Naples

Training Area in Florence

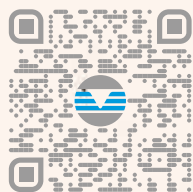

I TRAINING CENTRES

Qualifying while implementing skills, this is the training goal that Clivet University has set itself.

Clivet has Training Courses in Italy in Feltre, Milan, Turin, Naples and Florence and Training Areas at its European branches.

All the training facilities have areas for practical exercises on working products, enabling participants to attend theoretical lectures and practise operationally.
