# CLIVET UNIVERSITY

SPECIALIZED TRAININGS  
FOR AIR CONDITIONING APPLICATIONS

**2023 TRAINING PROGRAM**  
1st semester

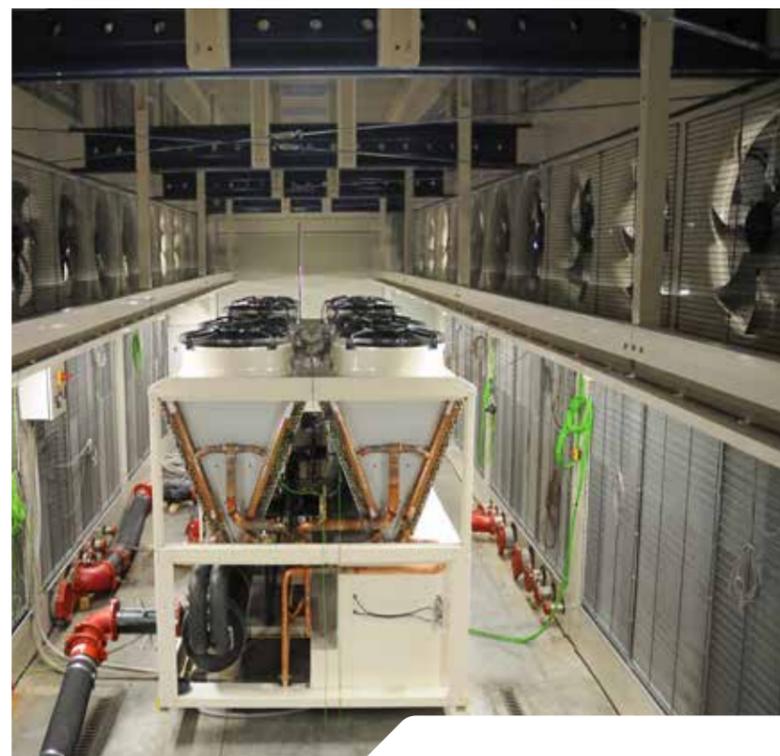

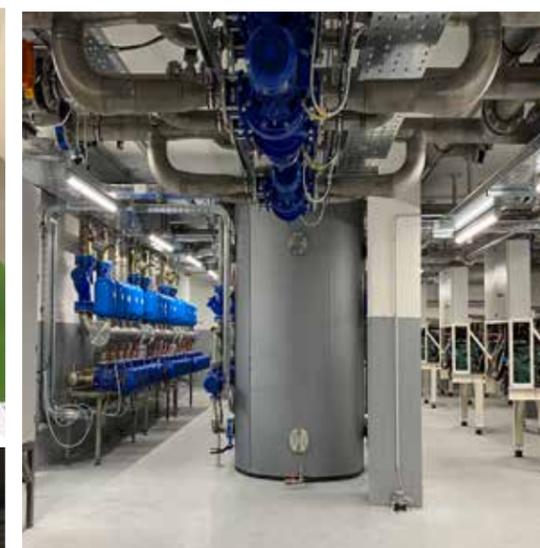

## TODAY KNOWLEDGE HAS POWER

IT CONTROLS ACCESS TO OPPORTUNITY AND ADVANCEMENT.

(PETER DRUCKER)

Clivet works for sustainable air-conditioning, offering quality, comfort and energy saving. In line with this view Clivet wish to share its know-how through dedicated trainings for designers, architects, installers, retailers, service centers and maintenance technicians.

Visit Clivet website [www.clivet.com](http://www.clivet.com) to see the complete training offer.

## CLIVET UNIVERSITY

Clivet University offers different training programs at different theoretical and practical levels, tackling in detail the specific topics of air-conditioning and its regulations, to technologies and installation solutions.

In the dedicated training Area it is possible to practice the installation, start-up and maintenance of Clivet systems.

8 Test rooms for residential units and 6 test rooms for medium-large units allow functional, performance, acoustic, vibration and stress tests to be carried out under real conditions.

In the new Innovation Centre, units with new refrigerants up to 2.5 MW can be tested at air temperatures from -20°C to +60°C. Customers can witness the tests.

Together with a certificate of attendance at CLIVET UNIVERSITY training, the trainees may gain specific educational course credits, whenever this is set out in their own Country.

## Basic information

### Training offer: Seminars and Webinars (free)

The programs of the various courses are available on the website [www.clivet.com/university](http://www.clivet.com/university).

#### Target

Seminars and Webinars are reserved for Clivet Sales Network, Architects and Designers.

#### Registration

To register for a seminar you must fill in the online form available on the website [www.clivet.com/university](http://www.clivet.com/university). For online courses the registration closes the day before the course date and a final confirmation email with instructions for joining the webinar will be sent to the subscribers.

Registration deadlines for in-person courses are listed in the course program. By that deadline, the subscribers will receive the final confirmation with instructions for attending the training.

Following the participation request, a confirmation e-mail will be sent. The dates may vary according to organizational needs. Always refer to [www.clivet.com/university](http://www.clivet.com/university) website for the updated calendar. Any changes will be communicated by e-mail to all registered students.

#### Location and time

All information on each training session is available on the [www.clivet.com/university](http://www.clivet.com/university) website

#### Costs

Participation in Seminars and Webinars is free except in cases where seminars are held in collaboration with Orders that require payment.

### Training offer: Technical-Practical training

The programs of the various courses are available on the website [www.clivet.com/university](http://www.clivet.com/university).

#### Target

Seminars and Webinars are reserved for Clivet Authorized Assistance Centers, Installers and Maintainers.

#### Registration

To register for a training session you must fill in the online form available on the website [www.clivet.com/university](http://www.clivet.com/university). The methods and conditions of registration for each course are described on the Clivet website. The dates may vary according to organizational needs. Always refer to [www.clivet.com/university](http://www.clivet.com/university) website for the updated calendar. Any changes will be communicated by e-mail to all registered students.

#### Location and time

All information on each training session is available on the [www.clivet.com/university](http://www.clivet.com/university) website.

#### Costs

Technical and Practical Trainings are free or charged as indicated in this document and on [www.clivet.com/university](http://www.clivet.com/university) website.

## Seminars and Webinars

	Code	Duration	Cost	Language	Credits	Location	Order of Eng.	January	February	March	April	May	June
<b>SEMINARS for Architects and Designers</b>													
Evolution in the thermodynamic heat recovery plan design	S11	4 hours	free	IT	Certificate + Credits	Pordenone	AICARR			3			
	S11	4 hours	free	IT	Certificate + Credits	to be defined	AICARR			16			
	S11	4 hours	free	IT	Certificate + Credits	to be defined	AICARR				14		
	S11	4 hours	free	IT	Certificate + Credits	to be defined	AICARR					5 - 26	
Residential application of hydronic heat pump	S12.1	4 hours	free	IT	Certificate + Credits	Lecce	Order of Eng.		24				
	S12.1	4 hours	free	IT	Certificate + Credits	to be defined	Order of Eng.			30			
	S12.1	4 hours	free	IT	Certificate + Credits	to be defined	Order of Eng.				20		
	S12.1	4 hours	free	IT	Certificate + Credits	to be defined	Order of Eng.					25	
	S12.1	4 hours	free	IT	Certificate + Credits	to be defined	Order of Eng.						16
<b>TECHNICAL FOCUS for Sales</b>													
Typical applications hydronic schemes		1 hour	free	IT	-	online					6		
Intelliplant: the optimization system of centralized hydronic systems. Case history		1 hour	free	IT	-	online						30	
Centralized hybrid heat pump systems with Sheen units for apartment buildings		1 hour	free	IT	-	online				29			
<b>GLOBAL Technical Training for Sales</b>													
CLIVETPack3 R32 CSRN-Y 180-330kW.		45 min.	free	IT	-	online		17					
New Roof-Top for medium attendance applications		45 min.	free	EN	-	online		18					
Large EVO R32 WiSAN-YEE1.		45 min.	free	IT	-	online			21
